ChargePoint Receives Excellence in Best Practices Market Leadership Recognition

Best Practices Awards recognize companies demonstrating outstanding achievement and superior performance. The Market Leadership Award recognizes the company that achieved the greatest market share resulting from outstanding performance, products, and services.

In the half-century since its founding, Frost & Sullivan has become a widely recognized leader in the growth consulting industry – A Global Growth Partnership Company.

The company demonstrates a strong overall performance.

Frost & Sullivan is proud to bestow the 2021 European Market Leadership Award in the electric vehicle charging industry to ChargePoint.

ChargePoint is the first publicly traded EV charging company to capture more than 70% of the US EV charging market share in North America. The company

offers a robust portfolio of hardware, software, and support services catering to commercial, fleet, and residential EV customers. With more than 163,000 charging points in operation of which 45,000 are in Europe, it continues to expand globally and has been aggressive in its geographic expansion in Europe.

Frost & Sullivan recognizes how ChargePoint's successful growth strategy cements its position as a market leader and will continue to strengthen its brand and presence in the EV charging space.

Analysts evaluated key factors according to the below criteria.

Instead of focusing on one customer segment, ChargePoint clearly differentiates itself from the competition by becoming a one-stop shop for all EV charging needs.
