The company demonstrates a strong overall performance

The European Enabling Technology Leadership Award in the network cybersecurity industry is awarded to Perimeter 81.

The company stands out from competitors based on its commitment to innovation, creativity, and ability to launch new solutions with far-reaching impact and application. With over 2,500 global clients, enterprises across various industries, including healthcare, finance, retail and e-commerce, insurance, education, and government agencies, utilize Perimeter 81's platform. The company pairs its technology focus with customer-centric values, thus earning a solid reputation in the network cybersecurity market.
