

Secureworks®

Recognized by Frost & Sullivan with the

2022 CUSTOMER VALUE LEADERSHIP AWARD

in the European managed and professional
security services industry

Secureworks' strategy allows customers to be well involved in the threat investigation process, increasing their security awareness, maturity, and preparedness.

Secureworks' Taegis includes a way of communicating with an expert directly through its console.

Customer Value Leadership Award

recognizes the company that offers products or services customers find superior for the overall price, performance, and quality.

Secureworks excels in the following criteria in the managed and professional security services industry:

**Growth
Potential**

Human Capital

**Customer Purchase
Experience**

Brand Equity
