The company demonstrates a strong overall performance

Shabodi acts as a bridge between next-generation applications and advanced network infrastructures, by offering a developer-friendly platform to give enterprise customers the power to monetize their 5G services, accelerate ROI, and help them unlock the full potential of 5G.

For its strong overall performance, Shabodi is recognized with Frost & Sullivan's 2023 Enabling Technology Leadership Award in the North American 5G enterprise application enablement industry.

- Rutuja Patil, Research Analyst

In the half-century since its founding, Frost & Sullivan has become a widely recognized leader in the growth consulting industry - A Global Growth Partnership Company.

Best Practices Award Recognition

Best Practices Awards recognize companies demonstrating outstanding achievement and superior performance. The Enabling Technology Leadership Award recognizes the company that applies its technology in new ways to improve existing products and services and elevate the customer experience.
