The company demonstrates a strong overall performance

The Global Enabling Technology Leadership Award in the condition monitoring equipment industry is awarded to Schaeffler.

Schaeffler's reputation in condition monitoring and predictive maintenance stems from its wide-ranging lifetime solutions, reliable predictive maintenance expertise, and customer-centric approach.

Their innovative strategies and commitment to real-time data and connectivity align with Industry 4.0 goals. Schaeffler's adeptness in automation has been pivotal in the success of its monitoring solutions.

- Krishnan Ramanathan, Research Director

In the half-century since its founding, Frost & Sullivan has become a widely recognized leader in the growth consulting industry - A Global Growth Partnership Company.

Best Practices Award Recognition

Best Practices Awards recognize companies demonstrating outstanding achievement and superior performance. The Enabling Technology Leadership Award recognizes the company that applies its technology in new ways to improve existing products and services and elevate the customer experience.
