BEST PRACTICES RESEARCH**

Frost & Sullivan’s Technology Innovation Leadership Award recognizes the company that has introduced the best underlying technology for achieving remarkable product and customer success while driving future business value. Technology innovation begins with a spark of creativity that is systematically pursued, developed, and commercialized.

Bosch Service Solutions anticipates intelligent automation serving as a pivotal differentiator in the future, helping drive transformation for its clients. The company is witnessing profound shifts in ecosystem evolution and platform integration in domain technology, such as automotive and logistics. Bosch acknowledges these challenges and positions itself to introduce novel services and solutions for customers.

With its strong overall performance, Bosch Service Solutions earns the 2024 Frost & Sullivan Technology Innovation Leadership Award in the intelligent automation industry.
